Organized by: Startup Leadership Program

About Startup Leadership Program

The Startup Leadership Program (SLP) is a not for profit 6-month fellowship. We train and mentor startup entrepreneurs to be leaders and entrepreneurs in the life science, tech, cleantech, education, consumer and social enterprise sectors.

SLP was founded in 2007 as the TiE Leadership Program. Since then, SLP Fellows have started over 300 companies, raised over \$20 million in angel and venture capital funding, and won numerous awards and media attention. Our Fellows work in venture capital, at startups in leadership roles, or in companies and institutions in innovation-related positions.

Co-organized and Venue Partner: Venture Center

About Venture Center

Entrepreneurship Development Center (Venture Center) – a CSIR initiative – is a Section 25 company hosted by the National Chemical Laboratory, Pune. Venture Center strives to nucleate and nurture technology and knowledge-based enterprises by leveraging the scientific and engineering competencies of the institutions in the Pune region in India.

The Venture Center is a technology business incubator supported by the Department of Science & Technology's National Science & Technology Entrepreneurship Development Board (DST-NSTEDB). Venture Center's focuses on technology enterprises offering products and services exploiting scientific expertise in the areas of materials, chemicals and biological sciences & engineering.
