Comments and suggestions :- Please include if the talk met your expectations.	1	Duration of workshop should be increased.
	2	Do similar events in future ( in Biotechnology ) techniques.
	3	May include more information in leacture session. Pratical session wa satisfactory, but can dedicate more time to it.
	4	Everything is excellent. I am satisfied with this workshop.
	5	The talk was very informative
	6	Timing for demo's should be more.
	7	This is good informative event , also increase the depth of the knowledge.
	8	Please prepare all information and data as ppt file or on CD ; there were no hands on experiment; explanation was very fast and it needed longer time
	9	Very informative workshop.

	10	It was a nice experience to attend this workshop. We learn many things regarding Sec techniques.
	11	It was very good informative and interactive session
	12	This workshop has definitely added valuable knowledge to my brain. Keep it up !!
	13	Please take this workshop and training more and more.
	14	Over all this event is very well but explain in one or more language.
	15	To open and start training programes.
	16	Workshop booklet should be coloured instead of black and white so as to get graphical representation quickly.
	17	As an analytical tool GPC/SEC is important for research not only for calculating molecular wt. aslo for its wide application. This workshop clears the idea theorotically and practically.
	18	The content of whole workshop met to my expectations in detail.
How do you think can these workshops be improved further?	1	Please extend time duration for the workshop
	2	More practical examples from the industries.
	3	Give more emphasis on practical and notes
	4	By increasing time
	5	Time management and informing schedule before hand.
	6	Hands on experiment - more batches with less people.
	7	More detailed notes can be provided
	8	By giving actual hands on techniques.
	9	If some more time would be given for the demonstration it would be more beneficial.
	10	By including more practical work
	11	Except powerpoint - by animation
	12	Theory and lab sessions time should be increased.
	13	Increase lab session time
