

**Workshop on SEC/GPC held on 19 July 2014 @ Venture Center**

**Evaluation Results**

| Category   | Avg (Min-Max) Count |
|--|---------------------|
| <b>Section 1: Event Administration</b>                                   |                     |
| Quality of pre-event (registrations, queries)                            | 6.5 (5-7) 24        |
| Was the workshop registration process timely and efficient?              | 6.38 (5-7) 24       |
| Quality of staff responsiveness  | 6.58 (5-7) 24       |
| Pace of the event (time mgmt)  | 6.13 (5-7) 24       |
| Overall satisfaction with event organization                             | 6.13 (5-7) 24       |
| <b>Section 2: Event Facilities</b>                                       |                     |
| Venture Center Training room (Was it appropriate, clean and comfortable) | 6.23 (4-7) 22       |
| Venture Center Cafeteria (Was it appropriate, clean and comfortable)     | 6.38 (4-7) 24       |
| Food (Tea/coffee and lunch at Venture Center)                            | 6.30 (4-7) 23       |
| Materials and Handouts   | 6.13 (4-7) 23       |
| <b>Section 3: Training &amp; Demonstration Sessions</b>                  |                     |
| Relevance of Content   | 6.21 (5-7) 24       |
| Depth of content   | 6 (5-7) 24          |
| Instructor explains clearly, encourages and answers questions            | 6.33 (5-7) 24       |
| Demonstrations at PAML, NCL  | 6 (4-7) 24          |

| Rating Scale         |
|----------------------|
| 1 Bad                |
| 2 Well below average |
| 3 Below average      |
| 4 Average            |
| 5 Good               |
| 6 Very good          |
| 7 Excellent          |

| <b>Section 4: Comments &amp; Suggestions</b>        |  |
|---|--|
| <b>How can these workshops be improved further?</b> | 1 A part 2 of this course can be arranged with greater details.  |
|   | 2 More emphasis on training, sample preparation  |
|   | 3 May be by giving demo of injecting sample with various conditions & analysis of same.  |
|   | 4 It will be better to include more people for the conferences, only one person is not allowed and it make the workshop a little bit heavy   |
|   | 5 It should go on for 2 - 3 days to include more details.  |
|   | 6 Better demonstration & in detail explanation of chromatogram under various cases of failures.  |
|   | 7 More case studies can be included so that it will be easier to understand  |
|   | 8 It can be improved further by ensuring the depth of practical knowledge  |
|   | 9 Please distribute the load of workshop on more than one speakers. Dr. Dhoble knew a lot about these techniques but I think it's exhausting for one person to speak for such a long time. |
|   | 10 Yes   |
|   | 11 No its almost perfect, More basic concepts can be taught.   |
|   | 12 If demonstration session time increases and give some practical handling to trainee.  |
|   | 13 it is very nice.  |
|   | 14 May be related to protein and enzyme  |
|   | 15 It's good, All the best.  |
|   | 16 Pace of the event can be slowed down little bit.  |
|   | 17 Some Industry based outlook may be incorporated in the program.   |
|   | 18 Increasing the duration to 2 -3 days.   |
|   | 19 By including more examples on biomolecules.   |
|   | 20 Can be used for studying protein aggregation.   |
|   | 21 Large scale processing, different variables and parameters could have been covered in more depth.   |

| <b>How did you hear about this event?</b> | <b>No. of participants</b> |   |
|---|----------------------------|---|
|   | Through website            | 7 |
|   | Email                      | 3 |
|   | Advertisement in Newspaper | 9 |
| Word of mouth                             | 6                          |   |

|   |     |    |
|---|-----|----|
| <b>Would you like to hear about similar events in the future?</b> | Yes | 24 |
|---|-----|----|

## Testimonials

1. Very satisfying workshop with a complete summary of the possibilities in GPC. This workshop could be used to make “teams” & solve the challenging problems in GPC. Like generating ideas through an online portal. Wonderful initiative by NCL.
2. Content for 1 day workshop was more than requirements/ (time constraints).
3. May be you can show us injection of sample of different kind & already prepared analysis of some samples can be shown to clear the idea failure or error of the technique should be elaborated to handle it carefully & understand in very good manner. May be different type of chromatograms (of error) & if system show any different message than it regularly shows like purge pressure exceeded etc. can be shown to clear idea about instrumentation error and please keep HPLC workshop if possible (Thanks).
4. If possible please arrange a workshop on RP – HPLC & analysis of chromatograms & interpretation of chromatograms of HPLC.
5. Basic concepts were explained nicely & in details, it helped us to clear our doubts | I would like to attend the similar kind of workshop about HPLC if it can be arranged, which will be regarding identification & separation of biomolecules like proteins & phytochemicals.
6. Overall it's useful for us & getting nice well explained knowledge on SEC. I am very thankful for Venture Center team for organizing very valuable workshop on SEC.
7. GPC workshop was excellent. I would like to learn more of the basic techniques. A hands on experience would help more.
8. It's good event and we also interested in future event also which includes genomics, proteomics and MS and MALDI –TOF analyzing biomolecules.
9. Everything is very superb when it comes to staff, management, cleanliness, facilities etc. Just felt that speed should be slowed down a little bit so that we can view the labs and their operation properly.
10. Same kind of workshop for HPLC.
11. Nice workshop well managed. Thank you.
12. It was very gentle, deep and systematic course on GPC.
13. The printout of the ppt is a very good idea
14. The workshop was really beneficial for my project.
