D/PNCW/MH12 N95 masks/2020  
Dated 27.07.2020

Dear Madam,

This has reference to your letter dated 21.07.2020 regarding handover of MH12 N95 masks to Department of Posts.

We thank you for your immediate response to our request for providing masks to Department of Posts. We have received 1000 MH12 N95 masks for postmen, Postal Assistants and other staff working on front line under Department of Posts. We really appreciate entrepreneurs and team members of Venture Center for their enthusiasm and efforts for making MH12 N 95 masks to protect front line workers against COVID-19. Pune City West Division under Department of Posts would maintain healthy and safe working conditions by using these masks and continue providing essential services to our customers through our huge network during this pandemic situation. If possible kindly provide additional 1000 masks for our front line staff so as to offer better services to the members of public. Photographs of our staff wearing the masks are attached herewith. As a token of gratitude we would like to arrange camps of Aadhar Enrollment/Updation, IPPB (Indian Post Payments Bank) Accounts and Postal Life Insurance for your staff and their family members at your premises by observing all guidelines from Ministry of Health and Family Welfare. It is requested to send email at [dopunecitywest.mh@indiapost.gov.in](mailto:dopunecitywest.mh@indiapost.gov.in) intimating your convenient date and time for arrangement of such camps.

We wish you success and excellence in designing and manufacturing of such innovative materials in different other fields.

with warm regards !!

Yours faithfully
