Organized by

Understanding PET Recycling in India & Launch of a Dedicated Public Resource Site on PET Recycling: www.petrecycling.in

Time: 3.30 pm - 4.30 pm | Venue: Lecture Theatre, 900 NCL Innovation Park

Highlights of the discussion

What happens to the PET bottles after use?
Are they recyclable? How are they recycled?
What % of PET gets recycled in India?

This event will bring together experts from academia, industry, government and local bodies to answer many of these questions.

Free event but prior registration is necessary
