

Crafting a **investor** **KILLER**

Science of Elevator Pitching

Come in with a problem statement, an idea or a technical solution and leave with an elevator pitch on our platform that is accessible to investors.

Crafting a good value proposition | Essential elements of a Business Model |
StartEZ – Elevator Pitch Builder | Build your elevator pitch and share with investors

31 Oct 2015 | Time: 2 pm- 3pm

Venue: Training room, 100 NCL Innovation Park

WHO SHOULD ATTEND

- Entrepreneurs who are getting ready to pitch to investors
- Students with a business idea or currently at an early stage of their venture
- People interested in anything and everything startup related

ABOUT THE SPEAKER

Swapnil Gawade has 12 years of consulting, product development and research experience working with firms like Honda R&D, USA and Battelle India. He has a Masters in Mechanical Engineering from Wayne State University in Detroit, USA and MBA from The Ohio State University in Columbus, USA with special focus on technology assessment, commercialization and venture capital finance.

Along with Sanchit Waray, he launched StartEZ Technologies, which is building a platform with business and productivity tools for the start-up ecosystem. He is also a mentor for startups at Symbiosis Institute of Business Management, MIT (Technology Business Incubator) in Pune and BITS Pilani – Goa
