

Venture Center is a Certified Public Charity in
Equivalency Determination done by NGO Source

Announcement

Date: May 25, 2021

Equivalency Determination (#ED) Certified ENTREPRENEURSHIP DEVELOPMENT CENTER

We are thrilled to have received an #ED certified status through @NGOsource! Our organisation's #equivalency determination certificate is now on file in the NGO source repository for US- based grant makers to request and access.

The #ED certified status from @NGOsource certifies that our organization is equivalent to a US public charity. Our organisation's Equivalency Determination certification is valid through 03/31/23.

We look forward to the new funding opportunities this equivalency determination will bring the organisation, so we can continue the work we do in the entrepreneurship ecosystem!
