

# AUTOCLAVE - STWL

## Applications:

- EQUITRON Standard Vertical Autoclave is ideal for all applications requiring, routine total destruction of all living micro-organisms.
- Ideal for Clinics, Primary Health Centres, Nursing Homes, Hospitals, Doctors and Laboratories.

## EQUITRON Advantages:

- Equipped with float switch & electronic circuit for low water level cut off with alarm.
- Automatic purging for efficient sterilization
- A sturdy and tension free Autoclave which can safely be operated repeatedly even in remote places.
- Hydraulically die pressed lid from Stainless Steel plate.
- All internal joints argon welded, ground and polished to give crevice free internals.
- Industrial grade energy efficient ring type heater, custom made for Autoclaves, thus reducing power bills by 16 to 40%.
