| Very wonderful session and great insights to the topics in entrepreneurship.   |                     |
| Good suggestions to add videos to the presentations.   |                     |
| It was a very engaging session   |                     |
| The session could have been more interactive   |                     |
| It was really informative. Thank you so much   |                     |
| Found lots of gaps in terms of content. Many cases a slide was not connected with earlier. Examples were of large corporations when the program is for startups. No energy while speaking. Overall far below expectations. |                     |
