Great session.	
We could have some sessions on topics like getting the first customers, branding for new companies, building a team etc. These are topics which are more relevant to really stage founders or people who are willing to start now.	
No	
My screen was stuck on slide 16 of "In-licensing of technology" session, so could not fully understand the contents.	
Thanks for sharing the recording, it was very helpful, specifically i was listening to sujaths financial management class again and again, Please arrange for more sessions on financial management, most of the entrepreneurs are not strong in that area. Thanks	
It was a great session. Thank you
