Mr. Shastri session was really good. Hope to have another session with sir. with an example covering all 11 points

The session by Ms. Sujata Bogawat was covered very fast. I have not understood most of part.

A more detailed workshop with Dr.Shastri over pitching our product will be very useful

Pitching session was excellent

Too Good.

Can we have little detailed seperate session on financial management ,investments. Because i felt many financial jargons went fast before i understod it better.plze have a separte session with sujatha later on this. The scientist entrepreneur is always weak in financial managment and pay less attention. Thanks

The first session was difficult to even understand what was told.

Kindly make the sessions based on finance little easy . The terms are difficult to relate and further do the assignments.

Please share the recordings of these sessions
