

One-Day Workshop on

Gas Chromatography Mass Spectrometry (GC-MS)

Tuesday, 1 December 2015

Time: 9:00 am - 5:45 pm | Venue: Training Room, Venture Center

Live Demo sessions

Interactive sessions

Data interpretation

Understanding the Gas Chromatography and Mass Spectrometry | Applications of GC-MS in research and commercial analysis | Demo sessions at CAMS

Who should attend

Industry professionals wishing to expand their skill sets (Industries – Pharma; Environmental; Forensic ; Food, Petrochemicals etc)

Students and staff of polymer/ materials sciences/ engineering/ analytical/physical chemistry wishing to equip themselves for industry jobs

Course faculty

Dr. Bharathi Nuthakki has more than 10 years of research experience in analytical chemistry.

Dr. Ajeet Singh has more than 7 years of research experience in mass spectrometry. He is a Scientific Consultant at the Center of Applications of Mass Spectrometry (CAMS), Venture Center
